

Freelancing Websites for Making Money on Your Skills!

You can use each website on this list to make money online using your skills with ethical hacking and penetration testing and many other related skills!

1. <https://www.odesk.com/>
2. <https://www.elance.com/>
3. <https://www.codementor.io/>
4. <https://www.freelancer.com/>
5. <https://www.project4hire.com/>
6. <http://www.guru.com/>
7. <http://www.peopleperhour.com/>
8. <http://www.getacoder.com/>
9. <http://www.craigslist.org/>

You can also add “penetration testing” to your LinkedIn profile headline to appear in search results.

- Employers often will search directly to invite people with this skill to open job opportunities!
